Stephen Seyler
BID Executive Security Director

SUMMARY FOR 7-3-17 THROUGH 7-30-17

This report takes us through week 30 of 2017. We continue to struggle with mentally ill and violent people on the streets. Many, but not all are homeless. At this time last year we handled 3791 radio calls. So far this year we have handled 4115 which is an increase of 324 calls over last year's record pace. This too is a challenge as the increased calls takes time away from high visibility patrol and other duties.

In order to help address the issue of high visibility, we have started an unarmed bike team. Their first day was on 7-11-17. They received about two weeks of in house training and hit the streets on 7-20-17. In their first nine days they helped to stop a suicide in progress and made 577 business checks. They have received many favorable comments as people were clearly glad to see this extra highly visible addition to our security team.

We have also started our own homeless outreach team this year. Although our officers are to be commended for their work in this area, we have now added an important level of professionalism to our team. Our leader Stephan has at least five years of experience in housing people and providing other services as well. This team is out walking the streets five days a week. They build rapport with people and guide them into housing, medical treatment and other services.

EVENTS OF INTEREST:

During this period we have received numerous complaints regarding homeless people creating problems in the area of Vine and La Mirada. This would include blocking the sidewalk, trespass and leaving large amounts of debris on the ground. We have stepped up our patrols in the area.

On 7-3-17, our officers spoke to Robert who plays the drums for tips in front of 6834 Hollywood Blvd. He is very aggressive in demanding money from tourists and others. He was asked to relocate and he complied.

On 7-3-17, we spent a considerable amount of time convincing two people to move their possessions off the sidewalk so that people could walk there. Our officers then went to the Office Depot at 1240 Vine as a man was defecating on the planter. He was warned and sent on his way. We later responded regarding two people setting up a new encampment in the area.

On 7-4-17, we received a call of a man refusing to leave the restroom at the Starbucks located at 6745 Hollywood Blvd. Our officers spoke to the homeless man who was a double amputee in a wheelchair. He was using the bathroom to bathe and wash his clothing. It took almost a half an hour to get him to leave. We receive these types of calls on a daily basis.

ANDREWS INTERNATIONAL **HOLLYWOOD/SUNSET BID PATROL**

We then received a call of a man with a knife at 6801 Hollywood Blvd. He was at the Orange Court. We assisted LAPD officers in searching the area, but the man could not be located.

On 7-5-17, we were back on La Mirada warning subjects that they were blocking the sidewalk with all their possessions. They agreed to clear the walkway. We then responded to a call of a man trespassing at 1218 Vine (Goodwill). He was advised and left the scene. Our officers returned to the area the next day and spoke to the security guard about the large number of calls for service from the area. These mostly involve encampments and people trespassing and causing disturbances. Our extra patrols continue.

On 7-7-17, our officers spoke to a homeless man named Will at 6450 Sunset Blvd. He was sitting on the sidewalk where he had lit a small fire. Will slept on Hollywood Blvd. in the past. We arrested him there about five times in the past as he would trespass by sleeping in the BID office alcove leaving behind a huge amount of debris. He would also set fires and block the sidewalk. He generated numerous calls for service.

Will disappeared for about a month after our last arrest, but has now re-appeared on Sunset. We will monitor the situation.

On 7-8-17, we responded to a call of a man sleeping on the side of the Rite Aid located at 6130 Sunset. The security guard said that he refused to leave the property. When our officers spoke to the man he jumped up and yelled "F___ you and die". He made some racial references and then finally left. He knocked over two trashcans at the El Centro entrance as he passed by.

On 7-8-17, our officer's contacted Street Plus in an effort to better coordinate our efforts to have bulky items such as couches and mattresses removed from our sidewalks. They agreed and this will allow us to respond to these issues more rapidly.

The officers then went to the McDonalds where a woman was refusing to leave the bathroom. She started screaming at the officers as she left the location.

On 7-15-17 our officers responded to a call of two men refusing to leave the parking lot at 1637 Wilcox. When our officers approached and asked them to leave, one of the men picked up a large stick and said "F___ You. Make me leave Bitch". When advised that he would be placed under arrest if he did not comply, he slowly left. He continued his profanity and threats.

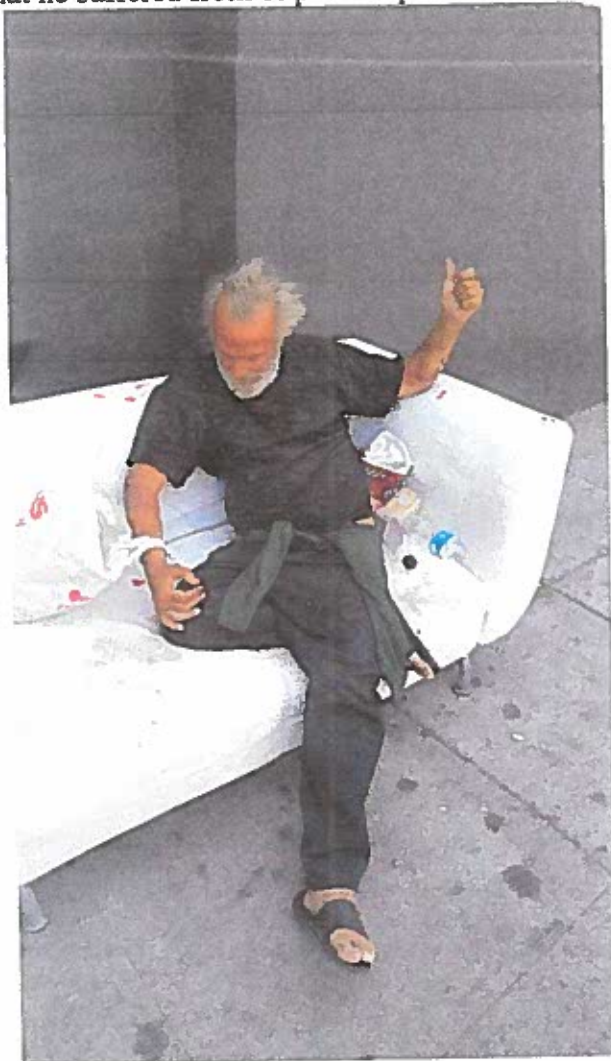

On 7-16-17, our officers contacted a man sleeping in front of the El Polo Loco located at 1260 Vine. When contacted the man jumped up and yelled "You are not real cops. Blood was flowing down his arm. He said that he did not want to live. Our unarmed officers took a tactical position and called for assistance. Our entire armed patrol teams from both BIDS' responded.

One of our armed officers was able to establish a rapport with Kenneth while the other officers provided back-up. Kenneth continued saying that he did not want to live. Our officer convinced him to drop the razor blade. Our officer asked Kenneth if he had any more weapons and he said he had more blades in his pocket. Our armed officers disarmed Keith and called the LAPD and paramedics. The paramedics had prior contact with Keith and said that he suffered from bi polar depression and cirrhosis of the liver.

NOTED ARRESTS:

On 6-20-17, we were having an issue with a man from Ethiopia named Nathaniel at the mall at Hollywood and Highland where my office is located. He snatched brochures from a tour salesman, ran into traffic and was scaring people. He was ordered off the property by the LAPD, our officers and mall security. At about 11:00 A.M., unarmed mall security came to my office seeking help. The man had just dumped water on someone. All our officers were tied up on calls so I went to assess the situation.

When I got to Hollywood Blvd., I saw the suspect running in my direction. He was waving a sledge hammer. He ran out into the middle of the Hollywood Blvd. causing drivers of vehicles to brake and swerve out of the way. He then ran back to the sidewalk, past me and up to the vacant Foot Locker store on the corner of H+H. I heard a loud boom as he used the hammer to break the glass doors causing \$15,000.00 in damage.

The suspect ran into the store and I followed fearing that there were employees inside. I found the suspect just to the left of the door and told him that he was under arrest. He came towards me, still holding up the hammer. He made a threat and I sprayed him with pepper spray. It had no effect. He ran out the door. There was a slight delay in my pursuit as the mall guards also deployed pepper spray and I had to duck out of the way.

The suspect headed south on Highland in the middle of the street. I gave him numerous commands to surrender, but he responded incoherently. I feared that he was going to do a carjacking as he kept approaching the driver's side of the many vehicles whose drivers were trying to get out of the way. The suspect would then run over to the west sidewalk where I was following and confront me with the hammer. There were numerous vehicles and pedestrians around making this a dangerous situation.

An LAPD unit arrived and the suspect ran off at a high rate of speed. He made it to the Chick-fil-A at Sunset and Highland where he met up with an LAPD Taser. The suspect was arrested and loaded into an ambulance. He was still yelling incoherently. The suspect had committed an assault with a deadly weapon when he threatened the construction worker who tried to stop him from taking the hammer. He also made terrorist threats against me and committed felony vandalism when he broke the doors of the Foot Locker.
